

# General Contracting

Your project is unique. We provide you with the attention you deserve and the experience and resources to make your project a reality.

At **Green Earth Commercial Contracting**, we prioritize transparency and collaboration throughout your project. Utilizing advanced project software, our clients have real-time visibility into project details. We oversee and coordinate all necessary resources, tapping into a network of vetted subcontractors and vendors for optimal quality. Drawing on our extensive experience, we guide decision-making.

Our commitment extends to caring about the project, the process, and the outcome as much as you do. Expect open communication and regular updates on project progress, reflecting our dedication to your satisfaction.

Our team of seasoned professionals merges innovative techniques with time-tested craftsmanship, resulting in projects that showcase the highest standards of construction.

FEATURED

## Teacher's Federal Credit Union

**CATEGORY:** General Contractor, Commercial

**LOCATION:** Tampa, FL

**PROJECT COST:**

Teachers Federal Credit Union chose Green Earth for its inaugural Florida branch, creating an exceptional space with a lobby featuring specialty millwork laptops and teller stations for a balanced blend of functionality and aesthetics. Glass offices with sliders added an elegant touch, while color-branded acoustical ceiling clouds and wall coverings enhanced the atmosphere. Ingeniously designed storefront windows included an ATM opening for added convenience.

## What to expect

- ✓ **Expertise & efficiency** - With extensive experience, we ensure efficient project management, navigating construction processes, regulations, and industry best practices.
- ✓ **Cost & time optimization** - Partner with us for long-term cost savings through accurate estimates, favorable subcontractor negotiations, and adept project scheduling.
- ✓ **Quality & assurance** - GEC3 prioritizes quality control, adhering to industry standards, and leveraging trusted subcontractors to surpass expectations.
- ✓ **Risk management** - We excel in risk mitigation, implementing safety protocols, securing permits, and promptly addressing potential issues to minimize costly delays and disputes.

## About us

Green Earth Commercial Contracting is a growing national commercial contracting company rooted in Florida. Our mission is to create a sustainable legacy of progress, prioritizing top-tier construction services, and exceeding client expectations with high-quality, collaborative projects led by seasoned professionals.
