

# Hospitality

At Green Earth Commercial Contracting, we specialize in crafting captivating hospitality spaces that leave lasting impressions.

From unique restaurant to inviting hotels, at **Green Earth Commercial Contracting** we merge design with innovative construction techniques to create inviting havens for guests. Our team recognizes that hospitality environments demand a harmonious blend of comfort, aesthetics, and functionality. With a meticulous eye for detail, we transform architectural concepts into captivating reality, providing guests with unforgettable experiences.

By combining our construction prowess with a deep understanding of the hospitality industry, we construct spaces that not only meet but exceed the expectations of both guests and operators.

Clients can rest assured that when they choose Green Earth Commercial Contracting, they are selecting a partner that not only meets but consistently exceeds regulatory and industry benchmarks.

**Mango's Tropical Café**

**Off The Hook Restaurant**  
Ponce Inlet, FL

## FEATURED

### Woodspring Suites

**CATEGORY:** Hospitality, Owner Representation

**LOCATION:** 5 locations

**PROJECT COST:** \$10-12 million per project

Green Earth successfully completed the Woodspring Suites project between 2015 and 2020, developing nine hotels across five states. Each four-story hotel, offering 122+ rooms on 2-2.5 acre sites, showcased meticulous planning. Green Earth oversaw site selection, due diligence, entitlements, and the entire design and construction process. Collaborating with a master architect, three civil engineers, and various contractors ensured tailored solutions for each location's unique requirements.

## What to expect

- ✓ **Expertise & efficiency** - With extensive experience, we ensure efficient project management, navigating construction processes, regulations, and industry best practices.
- ✓ **Cost & time optimization** - Partner with us for long-term cost savings through accurate estimates, favorable subcontractor negotiations, and adept project scheduling.
- ✓ **Quality & assurance** - GEC3 prioritizes quality control, adhering to industry standards, and leveraging trusted subcontractors to surpass expectations.
- ✓ **Risk management** - We excel in risk mitigation, implementing safety protocols, securing permits, and promptly addressing potential issues to minimize costly delays and disputes.

## About us

Green Earth Commercial Contracting is a growing national commercial contracting company rooted in Florida. Our mission is to create a sustainable legacy of progress, prioritizing top-tier construction services, and exceeding client expectations with high-quality, collaborative projects led by seasoned professionals.
